

Witness Statement in Support of Humpty Hill Application to Register as Town Green.

13 Chestnut Avenue, Faringdon from 2005, Faringdon from 1976.

I have lived in Faringdon all my life and have used the above area since around 1988 where I would play with friends in the field safe and away from main roads. We would play in the hay bales making dens and other young boy games such as flying kites and football.

I have always seen others walking on their own or with their dogs in the field. There are always especially in the summer people playing and walking.

In the winter it is a guarantee with any snow that you will see sledges and toboggan's being used as well as snow ball fun. I have done this as a child with my family and now with my own children.

I have never been approached and told to leave the field and I have always believed it is a venue that belongs to the people of Faringdon.

I believe the facts in the above witness statement to be true.

A handwritten signature in black ink, appearing to read 'Chris Webb', with a stylized, cursive script.
